20 Cocoon Craft	Prof Venkatesh Kumar	9838616937	drvenkateshkumarr@gmail.com

Note: *These hobby courses are for the session2025-26. Clubs and Clubs initiated hobby courses may be added or discontinued depending upon student interest, feasibility, and institutional requirements.*

Note: Audit Pass Course: *means a course designed to be audited, not graded. Successful completion of an audit course generally means fulfilling certain requirements, such as attendance, participation, or a final assessment, without a traditional numerical grade.*

1.An audit pass course is taken for personal enrichment and knowledge gain, rather than towards a degree requirement.

2. It is not graded, meaning a student will either "pass" or "fail" based on meeting the course's requirements.

3. Successful audit completion typically involves meeting attendance, participation, or other course-specific requirements.

4. The student's performance in the course is assessed based on whether they have fulfilled the specific requirements set by the instructor or institution, but it does not impact their overall GPA.
