Babasaheb Bhimrao Ambedkar University (A Central University)
Vidya Vihar, Raebareli Road, Lucknow, U.P.

&

Council for Teacher Education (CTE)
Date: 24th March 2017

About the University

Babasaheb Bhimrao Ambedkar University, Lucknow was established in 1996 as a Central University (By the Act of Parliament 1994) with the objective of promoting advance knowledge through instructional and research facilities in science and social sciences. This University is a Post Graduate and Research University which promotes professional studies, inter-disciplinary studies, and research development activities. The University started academic programmes which have employment potential and are relevant for the development of Indian Society.

About Council for Teacher Education (CTE)

Council for Teacher Education, a professional organisation for Teacher Educators of the country was established in 1985 under the leadership of Dr. Gulab Chaurasia, the founder principal of Regional College of Education, Mysore, with the aim of catering to the growth of teachers and teacher educators and strengthening of teacher preparation programmes in the country. Today CTE has become an international body with 25 chapters and more than 10,000 life members.

About the Department of Education

The Department of Education has been established to address the growing need of quality education in our country. It is an answer to the questions of unemployment and shortage of skills, professional commitment & research and innovation. It is well equipped with the modern techniques, laboratories, rich library and highly qualified creative intellectual & committed faculty members. It is still in growing stage and in future will flourish and be among top most institution of education.

About the Seminar

Education prepares people with knowledge and confidence to make the world a better place to live. Teachers are the key persons in making the foundation stone of a child. Policy makers, community leaders and parents have a responsibility to ensure that teachers engage in continuous professional learning and apply that learning to increase student's achievement. Professional Learning provides teachers the opportunity to expand their skills, develop new teaching strategies and deepen their understanding of subject content. Professional development prepares teachers for the changing classroom and provides rich opportunities for teachers to continue and develop their teaching skills and subject knowledge. Professional learning is the link between teacher's individual skills and the knowledge & contribution they make to students' fraternity. Professional Development helps to promote and nurture effective teaching and offer quality training and design career paths.
