

MLIS-405 Dissertation/Guided Research Projects

Maximum Marks:100

Maximum Allotted Hours:100

- Ordinarily this paper would call for the application of Professional Principles & Techniques to LIS Problems. It may be the preparation of either a state of the art report or any other information consolidation product. It may be the Design & Development of a System.
- Maximum Marks (**Dissertation + Study Tour***) (**90+10***) 100
Note: Evaluation of the dissertation shall be done by both of the examiners i.e. external and internal (Guide/Supervisor) on 50% basis.

*** STUDY TOUR**

- There will be an annual study tour of Locally and Nationally important Libraries and Information Centers (approximately of two weeks if it is taken out of station) to get exposure and experience of these organizations.
- **Passing marks in both of the parts (i.e. Dissertation and Study Tour) are essential.**
