

Department of Physics

(PO): Programme Outcomes: Students are admitted for the M.Sc. (Physics) and M.Sc. (Nuclear Medicine Technology), M. Phil. (Physics) and PhD (Physics). Programmes have their expectation to acquire the advance and upgraded knowledge of theoretical as well as experimental aspects of Physics under the School of Physical and Decision Sciences for the industry research and academia point of view. After the completion of the postgraduate programme, M.Sc. (Physics), students are sustained to compete for different levels of exams like NET, GATE, JEST and PhD in reputed Institutes. The programme also opens the venture for the research and development in reputed Institutes, University and Industries for students. After completing Ph.D. (Physics), all students are engaged in teaching posts in India and post-doctoral fellows in India as well as abroad.

(CO) Course Outcomes: Various courses are offered in our department like M.Sc. (Physics), M.Sc. (Nuclear Medicine Technology) M.Phil. & Ph.D. (Physics) program which are framed in accordance with the UGC guidelines and the syllabus of the courses are designed as per requirement of the present industrial usages. All these courses have cumulative values for the students to beat any related competitive exam like CSIR-JRF, NET/GATE/PCS etc, industries and further highest students.

Program Specific Outcomes (PSOs): Students have to acquire the theoretical and experimental knowledge during their M.Sc., MPhil and PhD programmes. This knowledge is very useful to build their carrier in the competition examination, R&D sectors as well as in teaching jobs. The professional course like M.Sc. (Nuclear Medicine Technology) has 100% placement in the medical sectors. All the students of M.Sc. (Nuclear Medicine Technology) have been got excellent package in reputed Institutes like AIIMS and Pathologies etc. all over the country as well as abroad.
